Christmas & New Year's Day

Clark County's and Southern Nevada's colorful past comes to life at the Clark County Museum. With thirty acres of exhibits, historic structures, walking trails and nature areas, the museum provides hours of fascination.

The Pueblo-style Exhibit Center houses a timeline of history from prehistoric times to the present, as well as special exhibits.

The restored historic homes of Heritage Street allow visitors to step back through the decades of the Twentieth Century and see how previous residents lived here.
